

LEGISLATIVE PETITION FORM

As Utah residents, we strongly believe that laws should be reasonable and responsible. We are of the opinion that SB61 is designed to protect big tobacco companies while harming smaller businesses that are working towards helping people quit traditional cigarettes. We believe that special interest groups are using children as a shield to monopolize the tobacco industry in Utah. It is important to note that the views expressed below belong to the petitioner and not the UVBA.

PETITION

I, an undersigned resident of the state of Utah, petition the Utah Congress to make significant changes to SB61. I believe that not only is this bill an infringement of my constitutional right to purchase flavored vapor products, but is also an attempt by the big tobacco companies and their distributors to monopolize the tobacco industry in Utah.
